

A large buck with impressive antlers stands in a snowy forest. The buck is the central focus, looking directly at the camera. Its antlers are large and covered in velvet. The background is a dense forest of bare trees covered in snow. The ground is also covered in a thick layer of snow.

Sportsmen Against Hunger

**2020
Annual
Report**

Community Action Partnership of North Dakota

A Note from the Director

The entire world was thrown a curve ball this last year with the onset of the COVID-19 pandemic, but despite the challenges faced across our nation, one thing we can count on is the kindness of North Dakotans. This past year, dozens of donations of legally obtained deer, elk, and moose were generously donated to the Sportsmen Against Hunger Program even in the face of a global pandemic.

As the Sportsmen Against Hunger Program Director, I take great pride in the ability to match our state's long tradition of hunting with the material needs of those in our community. Food pantries regularly express the need for consistent sources of protein, especially red meat, for low-income families across the state. Thank you to each and every hunter, processor, and volunteer who helped put high-quality protein on the dinner tables of our neighbors in need.

See you next season!
Chandler Esslinger

SPORTSMAN AGAINST HUNGER BY THE NUMBERS:

18

Number of processors
across the state who
participate in the SAH
program

3,996

Total pounds of
meat donated to
local food pantries
this season

64

Number of deer
processed this
season

6

Number of other
wild game (moose,
elk) donated by
ND Game & Fish
