2021 Annual Report

Community Action Partnership of North Dakota

A NOTE FROM THE DIRECTOR

A huge thank you to all the hunters, processors, and other supporters for making the 2021 Sportsmen Against Hunger (SAH) season a great success. The program is made possible through local donations and a subsidy from NRA Hunters for the Hungry.

16 processors across ND partnered with Community Action Partnership of North Dakota who coordinates the SAH Program, to ensure that hunters who had extra venison or did not want to keep the meat, were able to donate their game to a local food shelf. The process is quite simple:

The Hope Center Pantry in Cando reports their customers are always in need of meat products and enjoy receiving the venison after hunting season. We estimate they received 150 pounds of venison this year. The pantry manager states her customers are always “grateful” for the meat.

In total, 48 deer, 3 elk and 2 moose were processed, and 2770 pounds of meat were donated to local food pantries. A special thank you to Randy’s Backyard Smokehouse (Super Value) in Park River, Region 4 which processed the largest quantity with 11 deer totaling 550 lbs., one elk and one moose, total donation equivalent to 800 lbs.

We appreciate our collaboration and coordination with the ND Game and Fish Department and with the following Sportsmen’s Clubs who help us to promote the SAH Program:

- ES Wildlife Club- Enderlin, Region 5
- RR Area Sportsmen- Great Bend, Region 5
- Stutsman County Wildlife, Streeter, Region 6

If you know of a processor in your region of the state who may be interested in partnering with us to fight hunger, please give us a name and contact information and we will reach out to them with the necessary information. We specifically need partners in Region 1 (Williston area) and Region 8 (Dickinson area).

- Carmel Froemke, Program Director
